

MasterCross-Laser 2 Set

Cross-line laser with 2 clearly visible laser lines and an additional high-performance battery set

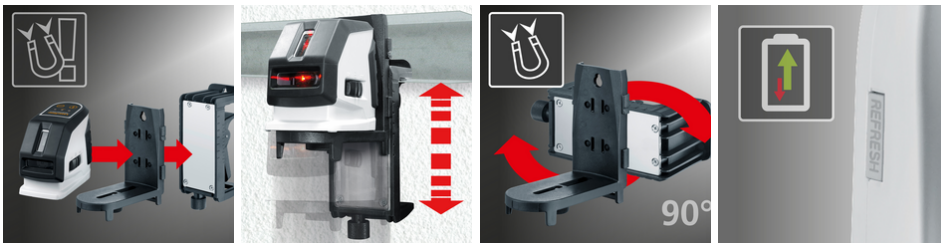

The cross line laser produces two clearly visible laser lines which can be individually switched. The tool is suitable for aligning horizontals, verticals and slopes. The magnetic clamp and wall bracket allows it to be used in many different scenarios. The integrated hand-held receiver mode and optional laser receiver are ideal for outdoor applications. This high-performance battery set ensures a long operating life for laser measuring devices.

- Accurate horizontal and vertical alignment of objects
- Easy alignment of slopes
- Two highly visible, individually adjustable laser lines
- Magnetic clamp and wall bracket provides versatile attachment without damaging surfaces
- Long operating life thanks to the high-performance battery set
- Integrated hand-held receiver mode for outdoor applications
- Optional receiver for detecting laser lines at a distance of up to 40 metres
- With 1/4" thread
- With 5/8" thread

TECHNICAL DATA

Self-levelling Range	± 3°
Accuracy	±0.2 mm/m
Levelling	automatic
Visibility (Typical)*	20 m
Laser Wavelength	635 nm
Laser Class	2 / < 1 mW
Power Supply	4 x 1.5V LR6 (AA) 4 x 1.2V HR6 (AA) NiMH
Operating Time	approx. 4 hours
Operating Conditions	0°C ... 50°C, max. humidity 85% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-10°C ... 70°C, max. humidity 85% rH
Dimensions (W x H x D)	66 mm x 100 mm x 125 mm

SCOPE OF DELIVERY

Item No. 031.350-1

GTIN (EAN) 4021563714667
