

MasterCross-Laser 2GP Set 1

Green cross-line laser with plumb function, clamp and wall bracket and high-performance battery set

The MasterCross-Laser 2GP allows the exact alignment of horizontals, verticals and slopes. With the additional plumb laser, it is possible to work simultaneously on the floor and the ceiling. The measuring device offers high visibility, time-saving automatic alignment and a variety of mounting options. The SpeedPowerPack, comprising four batteries and a charger is available for battery operation. The refresh function allows batteries to be completely discharged and recharged.

- Exact horizontal and vertical alignment of objects
- Easy alignment of slopes
- Good visibility through green laser technology
- Additional plumb laser at top and bottom
- Individually switchable laser lines
- Time-saving automatic alignment
- Integrated hand-held receiver mode for outdoor applications
- Simple horizontal and vertical mounting on drywall construction profiles
- With 1/4" thread
- With 5/8" thread
- Battery pack and -charger
- Charging of 1 to 4 batteries possible
- Refresh function: batteries are fully discharged and recharged

TECHNICAL DATA

Self-Levelling Range	± 3°
Accuracy	±0.2 mm/m
Levelling	automatic
Visibility (Typical)*	55 m
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW
Power Supply	4 x 1.5V LR6 (AA)
Operating Time	approx. 4 hours
Operating Conditions	0°C ... 50°C, max. humidity 85% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-10°C ... 70°C, max. humidity 85% rH
Dimensions (W x H x D)	66 mm x 100 mm x 125 mm
Weight	570 g (incl. batteries)

SCOPE OF DELIVERY

Item No. 031.390-1
