

CompactCube-Laser 3

Automatic cross-line laser with lateral 90° laser

This automatic cross-line laser with PowerBright technology projects three bright, individually selectable laser lines. The two vertical lines are aligned perpendicular to each other. The device is perfect for aligning tiles, wall studding, windows or doors. The additional slope function allows angles to be precisely levelled. Optical signals indicate when the device is outside its self-levelling range. A pendulum restraint provides excellent protection during transportation. The small, compact design fits perfectly in any tool box and the ergonomic housing makes the device easy to use.

- Three clearly visible laser lines, ideal for aligning tiles, wall studding, windows, doors
- The two vertical laser lines are aligned perpendicular to each other
- Additional slope function
- Time-saving automatic alignment
- Device issues warning when leaving the levelling range
- Pendulum restraint for safe transport
- Compact design, fits in any toolbox
- Sturdy, ergonomically designed, rubberised casing

TECHNICAL DATA

Self-Levelling Range	± 3°
Accuracy	± 0.5 mm / m
Levelling	automatic
Laser Wavelength	635 nm
Laser Class	2 / < 1 mW (EN 60825-1:2014/ A11:2021 / EN 50689:2021)
Power Supply	3 x 1.5V LR03 (AAA)
Operating Time	with laser cross at front: approx. 20 hours / with all laser lines: approx. 9 hours
Operating Conditions	0°C ... 40°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-10°C ... 70°C, max. humidity 80% rH
Dimensions (W x H x D)	69 mm x 69 mm x 65 mm
Weight	285 g (incl. batteries)

SCOPE OF DELIVERY

Item No. 036.150A

GTIN (EAN) 4021563696710

SU 2
