

SuperPlane-Laser 3G Pro Set 1

Green three-dimensional laser with a horizontal and two vertical 360° laser circles

This three-dimensional laser projects one horizontal and two vertical green laser circles for perfect alignment of objects. The magnetically damped pendulum system means the device levels itself automatically. It also provides outstanding visibility due to the green laser technology. Gradients can be set manually using the extra slope function. Optical signals warn the user when the laser is outside the levelling range. The extremely powerful lithium-ion batteries ensure long operating life. Alternatively, the device can run on mains power using the power supply which is also included. The high-quality, compact aluminium tripod has a circular vial for adjustment. Multi-section telescopic tripod legs and a 31.5 cm crank provide an extensive adjustment range. Special rubber/steel tips mean the device can be used on many different surfaces.

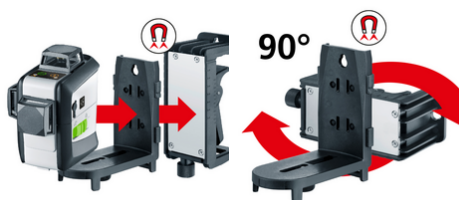

- Exact horizontal and vertical alignment of objects
- Good visibility through green laser technology
- Easy alignment of slopes with manual tilt function
- Plumb function for synchronous working on floor and ceiling
- Integrated hand-held receiver mode for outdoor applications
- Long battery operating time thanks to powerful lithium-ion rechargeable battery

TECHNICAL DATA

Self-Levelling Range	± 2.5°
Accuracy	± 0.2 mm/m
Levelling	automatic
Visibility (Typical)*	60 m
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW
Power Supply	Li-ion battery pack 7.4V / 2.6Ah / 19.24Wh Power adapter 12V / DC / 2A
Operating Time	with 3 laser levels: approx. 7 hours with 2 laser levels: approx. 10 hours with 1 laser level: approx. 20 hours

LONG WORKING LIFE

SCOPE OF DELIVERY

Item No. 036.650-1 GTIN (EAN) 4021563703876 SU 1
