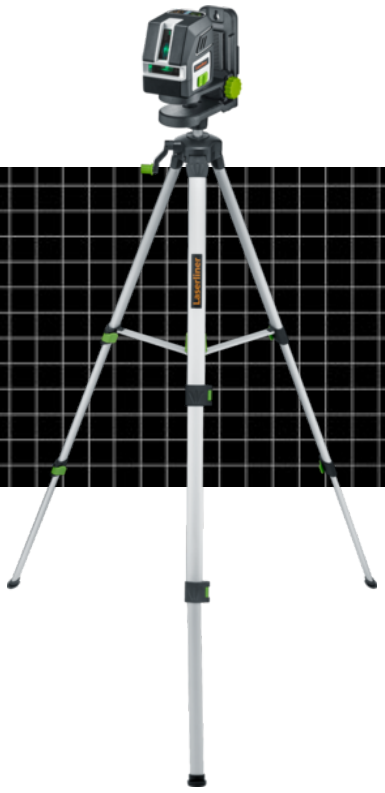
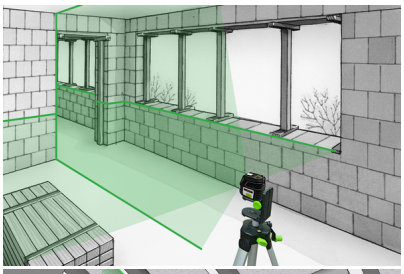
Laserliner

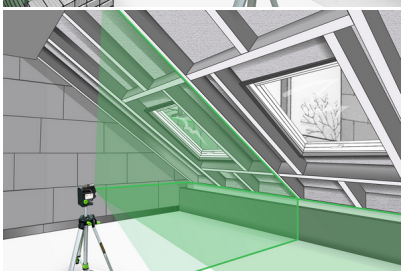
PocketCross-Laser 2G Set 150 cm



Practical cross line laser with green laser technology – wide range of accessories for many different uses, including compact 150 cm tripod

This cross-line laser projects a highly visible green laser cross for precise horizontal and vertical alignment of objects. It also has a manual slope function for setting creating gradients. A versatile range of accessories means this laser is the solution for any precision alignment job. The compact tripod has a wide adjustment range due to the multi-section telescopic legs and a crank (30 cm stroke). The PocketWallHolder, a multi-functional, height-adjustable magnetic bracket, is suitable for attaching to walls, metal items, and tripods with a 1/4" or 5/8" thread.

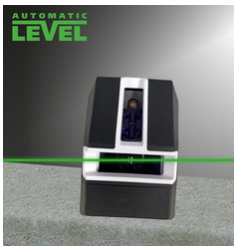




- Accurate horizontal and vertical alignment of objects
- Good visibility through green laser technology
- Easy alignment of slopes with manual tilt function
- Light and robust compact tripod 150 cm
- Crank height adjustment and telescopic tripod legs
- Height-adjustable, magnetic, multi-function bracket with 1/4" and 5/8" thread for attaching to walls, metal items and tripods
- Magnetic target plate with stand, nail hole and dual scale – perfect for working close to ceilings
- Laser enhancement glasses for optimum visibility of laser lines with the human eye
- Time-saving automatic alignment
- Integrated hand-held receiver mode for outdoor applications

TECHNICAL DATA

Self-Levelling Range	± 3.5° (horizontal)
Accuracy	±0.3 mm/m
Levelling	automatic
Visibility (Typical)*	55 m
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW
Power Supply	Li-ion battery pack 3.7V / 3.6Ah / 13.32Wh Power adapter 5V / DC / 2A
Operating Time	approx. 15 hours
Operating Conditions	0°C … 50°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-20°C … 70°C, max. humidity 80% rH



SCOPE OF DELIVERY

Item No. 036.713A	GTIN (EAN) 4021563726035	SU 2
