

MetricMaster Plus

Precision digital calliper gauge made of metal

This precision digital calliper gauge is suitable for taking external and internal measurements and for measuring depths, differentials and levels. The acquired measuring range can be fixed with a clamping screw. The device can be zeroed in any position. The device has a precise sliding mechanism with a fine adjustment wheel and an easy-to-read LC display. The device automatically switches itself off after five minutes of inactivity.

- Digital calliper gauge
- External, internal, depth differential and level measurement
- Fixation via clamping screw
- Easy-to-read 5-digit LC display
- Exact sliding mechanism through a fine adjustment wheel
- Zero setting at any position
- Energy-saving Auto Off function when not in use

TECHNICAL DATA

Power Supply	1 x 1.5V LR44 (AG13)
Operating Conditions	0°C ... 30°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
Dimensions (W x H x D)	77 mm x 246 mm x 17 mm
Weight	175 g (incl. battery)

SCOPE OF DELIVERY

Item No. 075.510E GTIN (EAN) 4021563738427 SU 5
