

EasyCross-Laser Work Set

Automatic cross-line laser with green laser technology and practical compact tripod - recycled material is used for sustainability

This automatic cross-line laser with compact tripod is suitable for precise levelling of horizontal, vertical and inclined surfaces. Ideally suited for aligning tiles, wallpaper, pictures and particularly for applications close to floor level such as fitting sockets. The device produces a highly visible, bright, green laser cross. Optical signals warn the user when the unit is outside its self-levelling range. The housing of the laser is made from a large proportion of recycled plastic and makes a valuable contribution to sustainability. The pendulum lock ensures safe transportation.

- Sustainable design: large proportion of the housing is made from recycled plastic
- Accurate horizontal and vertical alignment of objects
- Easy alignment of slopes
- Bright laser cross with green laser technology
- Time-saving automatic alignment
- Light and robust compact 45 cm tripod, ideal for ground level applications
- Device issues warning when leaving the levelling range
- Pendulum restraint for safe transport

TECHNICAL DATA

Self-Levelling Range	± 3°
Accuracy	± 0.5 mm / m
Levelling	automatic
Visibility (Typical)*	40 m
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW (EN 60825-1:2014/ A11:2021 / EN 50689:2021)
Power Supply	3 x 1.5V LR03 (AAA)
Operating Time	approx. 5 hours
Operating Conditions	0°C ... 50°C, max. humidity 80% rH, no condensation, max. working altitude 4000 m above sea level
Storage Conditions	-10°C ... 70°C, max. humidity 80% rH
Dimensions (W x H x D)	62 mm x 72 mm x 61 mm
Weight	202 g (incl. batteries / without accessories)

SCOPE OF DELIVERY

Item No. 081.082E GTIN (EAN) 4021563730407 SU 5
