

TopClips Set

Magnet, mirror and hook attachments for FlexCamera, XXLCamera and UltraCamera

These magnet, mirror and hook attachments are suitable for the FlexCamera, XXLCamera and UltraCamera. The magnet and hook attachments can be used to attract and lift hard-to-reach objects. The mirror attachment makes it possible to view objects at a 90° angle. The clip mechanism makes the TopClips very easy to mount and dismount on the camera head.

TECHNICAL DATA

Diameter Camera Head	9 mm
