

VideoScope Plus

Compact inspection camera with featuring record function

This compact video inspection system is suitable for easy, visual inspection of hard-to-reach places in pipes, cavities, shafts, masonry and motor vehicles. Illumination with four high-performance LEDs provides clear pictures, even in extremely poor light. The high-contrast LC display also provides an optimum image, even in bright light. Manual rotation ensures the image is always freely available. The REC function allows images to be saved for subsequent analysis.

- Easy problem localisation behind or in objects, walls, pipes, cavities
- Clear images even under the worst conditions
- Waterproof camera head and cable for use in sanitary areas
- Resistant to petrol and diesel
- Good object lighting due to 4 high-performance LEDs
- Function for formatting the SDHC memory card
- The images can be stored for evaluation and documentation
- 180° image rotation
- Easy-to-read LC display
