

VideoPocket HDM Duo

High-resolution, compact video inspection system with large display, compare image function and waterproof camera unit, including front and side view

This high-resolution and compact video inspection system allows detailed visual inspection of hard-to-reach locations such as pipework, suspended ceilings and vehicles. Seven powerful LEDs on the waterproof camera unit, adjustable in ten settings, ensure effective illumination during use. The front and side camera enable a flexible view of the inspection area on the large colour display, optionally individually or simultaneously in a clear split screen view. Details can be clearly captured using the zoom function. The compare image function allows the user to see the differences between the live image and a saved reference image.

- Effective problem localisation behind or in objects, walls, pipes, cavities
- High-resolution camera for detailed image and video capture
- Multifunctional mount combines stand, magnet, and hook for versatile mounting options and flexible positioning during any inspection
- Flexible display: The display shows perspectives of front and side cameras individually or simultaneously in a split screen view
- Identify specific differences with the compare image function

TECHNICAL DATA	
Diameter Camera Head	5.5 mm
Camera Resolution	1280 x 720 pixels
Field of View (FOV)	68°
Depth of Focus (DOF)	Front: 3 ... 8 cm / Seite: 2 ... 6 cm
Screen Type	4,3" Colour TFT
Display Resolution	480 x 272 pixels
Image Format	JPEG
Length of Probe	1 m
Illumination	10 brightness levels
Digital Zoom	2x digital zoom in 25% increments
Memory	internal image memory (100 images)
Ports	USB type C SD card slot
Power Supply	4 x 1.5V LR6 (AA)
Dimensions (W x H x D)	85 mm x 153 mm x 45 mm
Weight	420 g (incl. battery)

SCOPE OF DELIVERY

Item No. 082.264A GTIN (EAN) 4021563735051 SU 2
