

BatteryCheck

Battery tester for checking battery charge level

This battery tester allows the charge level of all standard batteries (AA/AAA/C/D/E block/button cells) to be checked. The charge level of the items under inspection can be easily read from the three-colour scale. Highly accessible housing contacts and a sliding battery holder make this unit easy to use. This compact device can also be operated without batteries and has an impact-proof high-quality housing.

TECHNICAL DATA

Measured Variable	DC voltage
Features	Battery charge status measurement
Dimensions (W x H x D)	67 mm x 110 mm x 32.5 mm

- Precise checking of all commonly used batteries (AA/AAA/C/D/E block/button cell)
- Easy to read, 3-colour scale to display battery charge level
- Easy to use with sliding battery holder and highly accessible contacts
- Easy operation, no batteries required
- Compact design

SCOPE OF DELIVERY

Item No. 083.005A GTIN (EAN) 4021563690022 SU 5
