

MultiMeter-Home

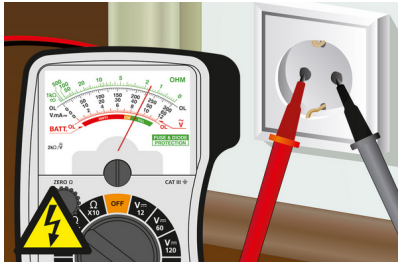

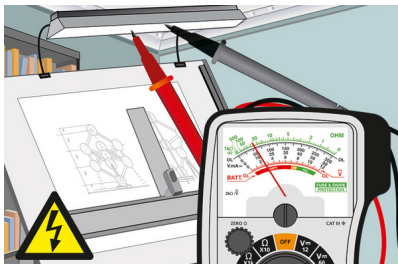

Compact analogue multimeter for measuring tasks at home and for hobbies – use of recycled material for sustainability

This compact analogue multimeter for use in the home and for hobbies provides accurate measurement of voltage, current, resistance and battery charge level. It has a convenient, easy-to-read analogue scale with zero point adjustment. No inconvenient cables have to be reconnected to switch between functions and ranges. The housing is largely made of recycled plastic, making a valuable contribution to sustainability.

- Sustainable design: large proportion of the housing is made from recycled plastic
- Accurate testing of voltage, current and resistance
- Battery test function for measuring battery charge status
- Switch between function and range without reconnecting cables
- Large, easy-to-read analogue scale with zero point adjustment
- Compact casing with integrated test leads

TECHNICAL DATA

Measured Variable	Direct voltage / alternating voltage Direct current Resistance
Features	Zero-point adjustment
AC Voltage	Range / Accuracy*: 60V / ± 5% 120V / ± 5% 300V / ± 5%
DC Voltage	Range / Accuracy*: 12V / ± 5% 60V / ± 5% 120V / ± 5% 300V / ± 5%
Protection Class	IP 20
Dimensions (W x H x D)	82 mm x 116 mm x 25 mm

SCOPE OF DELIVERY

CAT III
300V

1x
AAA

Item No. 083.030E GTIN (EAN) 4021563735815 SU 5
